Denis Vasilyev

Junior Frontend Developer

📍 CHEBOKSARY (relocation is possible)

👤 Personal information

Nationality: Russian
Education: Incomplete higher
Date of birth: 28 october 1995 (26 years)
Sex: Male
Marital status: Married (have children)

💼 Work experience

Web Developer
Freelance
december 2020 - present (1 year)

Website development includes all stages from prototype to start on the server. I worked both alone and in the game with designers. A total of 10 projects were implemented, most of which were commercial. Throughout my work, I have often used REST API technologies, as well as modern web programming methods.
My last projects:
https://github.com/vasiljevdenis/game-memory (demo project on React.js)
https://agrochat.net
https://fincity-official.ru
https://kristinakvitko.com

Clergyman
Holy Trinity monastery in Cheboksary
